

## The Game

THE GAME happens inside a very large Hadron Collider which is built by the Utopians Godisious and Luciferious to find the answer to a problem their people have. The Cycloves are a very dangerous species, intent on killing everyone and destroying every planet they come into contact with. Having destroyed one galaxy, they are now on route to the Utopians galaxy. Needing an answer as soon as possible how they can accomplish this, they make a new multiverse inside the Hadron Collider that is in orbit above their moon. The Hadron Collider holds a number of universes, thousands of galaxies and millions of stars and planets. Everything within the Collider is very small, but the species that live inside it have no idea. The Cycloves are put at the top of the Collider and the humans lower down. The people from Utopia Prime enter The Game to take control of the units within it and get them to fight the Cycloves. The main two characters Darrent and Chrymella who are inside The Game, have to work together to find the answer before the Cycloves return and destroy the Utopians and everyone else in their galaxy. When Darrent finds himself occupying Chrymellas body, he is not happy and wonders how he can do his job
