

Crochet lovers will embrace *Hooked for Life: Adventures of a Crochet Zealot*, a book that lovingly and humorously explores the craft of crochet and is written by a true crochet zealot. Mary Beth Temple, a well-known author in the crafting world and a self-admitted crochet junkie, gives an insiders look at what makes real crocheters tick and laugh with a number of humorous essays. Excerpt from the book: Just the other day I uttered a phrase that stopped traffic in my household, a phrase I never in a million years thought I would utter. I was sorting through yet another box of yarn that appeared as if by magic, trying to lower the square footage of wool that is all over my living room, and in frustration I yelled out I have too much yarn! You could hear crickets chirping in the aftermath--my daughter looked at me as if I had three heads, even the dog cocked her head and started to slink slowly away from the crazy woman. Did I really say I had too much yarn? Was I sick with fever?
