

## Girl in the Gears (Trans-Continental) (Volume 1)

Actress Ida Stillwell may have been born her fathers son, but she rejected the role society cast her in. With the North American Republics on the brink of war, Ida flees her home and joins a carnival to pursue her dreams. There she meets tomboy steam engine mechanic Duffy Hollowood. Though they become fast friends, Duffy has her own secrets. As their troubled pasts catch up with them, will Ida and Duffy make an escape together, or will they take their chances alone? What do you get when you cross Butch Cassidy and the Sundance Kid with Thelma and Louise? Our heroines, Ida and Duffy. They put the team back in Steampunk. Moxie Anne Magnus
