

Flowers by Design

Flowers by Design reflects the skills that have made Jeff Leatham famous in creative circles in New York, London and Paris. His flower designs are bold, utilizing the color and shape of both flower and stem. Sometimes he uses a large number of the same flower for dramatic effect. The simple, lush, colorful layout of the book displays Jeff's work in the homes of creative designers where he dramatically transforms the atmosphere and ambience of space with flowers. He has designed flowers for Givenchy, Gwyneth Paltrow, George Clooney, Diana Krall, Robie Williams, Kate Moss and Cher. It's no surprise that Jeff has appeared on Martha Stewart's television show and in People magazine, The New York Times, Elle Decor, Newsweek, W and Spa to name just a few. Flowers by Design is the first book to bring Jeff's unique vision to the home.
