

Mel Bay Guitar Songbook for Music Therapy

A collection of tunes representing a diversity of ideas, experiences, and geographic locations, this songbook provides a resource for use in clinical, educational, recreational, and religious settings. Designed to allow even a beginning guitarist to lead singing, the songs are written in standard notation with rhythm chord symbols and diagrams. Lyrics are given for all of the songs, with creative adaptations included with some melodies. Sample guitar accompaniment patterns are given in notation and tablature.
