

The Rescue of Georgeonus (Adventures in Evergreen) (Volume 3)

From Award Winning Author Wendy Altshuler comes Book III in the Evergreen Series: When Christopher became lost in a wood one day, he would never have dreamed that he would meet a walking, talking awakened tree. Where did the tree come from? What was he doing wandering in the wood? Christopher would come to learn the answers to these, and many more questions, when he ventures with the tree through a magical, secret portal. In fact, there are many interdimensional lands connected by the secret doors, and in Book II, Christopher and his friend Tom find out that some of the lands are strange and not very friendly. Now, in Book III of the Evergreen series, Christopher and Tom set out with two trees to see if they can help Georgeonus, the true heir of a Land of Silence. They travel to a land almost entirely covered in water to uncover the hidden secrets of a mysterious and evil Voice. But once there, Tom's life is at risk, and things don't go at all as planned. Can Georgeonus help them, before it's too late? ...a fantasy novel meant for young adults but appealing to readers and fantasy fans of all ages, following the adventures of a young boy, his close friend, and the bond he shares with a tree come to life... An emotionally moving, uplifting, and wholesome fable. -Midwest Book Review
